

The prescriber must complete this form and give it to the patient to follow the steps outlined below.

Aeroflow Breastpumps offers a wide selection of breast pumps and accessories from top manufacturers, along with high-quality pregnancy support, postpartum recovery products and pregnancy and breastfeeding classes. Once the patient submits the qualify through insurance form and insurance verification is completed, we will email the patient to review the next steps.

## Patient Instructions

1. Follow this QR code to fill out the qualify through insurance form.
2. Shop for your insurance eligible items once approved.
3. Upload a photo of this prescription while placing your order.
